IMPORTANT INFORMATION REGARDING THE FREE SCHOOL MEAL VOUCHER SCHEME

Dear Parents and Carers,

As a group of schools forming the Central Collaborative we are writing to you with an update about the voucher system which is currently used to support you during this time of difficulty. We are delighted that the service provided by WONDE has been so effective and that very few problems have been reported. Knowsley Council have taken the decision to carry on with WONDE to deliver vouchers for the time being which is good for both schools and families as we can be sure our children are being looked after. There is also another national provider of vouchers who Knowsley may look to move to in the future if necessary, but only when we can be sure they can deliver an efficient service.

At the beginning of this unprecedented situation with COVID-19, Knowsley took the decision to provide meals vouchers for both means tested free schools meals eligible children and also to all other children in year groups Reception, Year 1 and Year 2, as part of the universal free schools meal provision. This decision was welcomed and appreciated in these challenging times.

As we now move further into the current school closure period, Knowsley Council has had to reconsider its approach so it is more in line with other authorities nationally. Unfortunately, it is not sustainable for the Council to continue to fund vouchers for all. Knowsley have therefore decided that this funding will not carry on and with immediate effect, vouchers will now only be provided to those families who are eligible due to low income and means testing. We appreciate that this will be disappointing news to many but we are sure you will also understand that the Council must also keep within spending limits. More information can be found in the article in the Knowsley News <https://www.knowsleynews.co.uk/free-school-meals-eligibility-system/>

Are you eligible for means tested Free School Meals?

The Council have asked schools to encourage parents and carers to check if they are eligible for a free school meal for their child / children, given that many parents' and carers' work situations may have changed due to COVID-19. Some parents/carers of infant children may not have applied previously as they are automatically entitled to free school meals under the Universal offer. We want to be sure that we are issuing as many vouchers as possible over the remaining period of the lockdown – maximising this uptake will help to ensure that no pupils who are eligible for a free school meal go without one.
