Headteacher Message

Dear Parents and Carers,
You will be aware that this week we have had a number positive Covid cases confirmed in school. Thankfully, only 4 of the cases have been in school however this has affected a number of full class bubbles. All government guidance has been followed and those who need to isolate have been informed. I must stress, that if your child has not been told to isolate they must continue to attend school as per DFE guidance. Both Public Health England and the Local Authority have been more than satisfied that our Risk Assessment and measures are being adhered to and that external, social factors may have been a considerable influencing factor. Can I please encourage, once again, all parents to continue to test all household occupants regularly? Most of the positive children's cases have reported 'no symptoms' with some reporting a sore head.

All children will have now received their transition booklets. Thank you for the many positive comments we have received. We believe that this information will support both you and your children in preparing for next year. The booklets have also been uploaded onto our website for you to access. In these you will find things such as next years reading list. Already, I am aware of some children who have purchased a number of these texts to get a head start before September. What a great idea!

Have a lovely weekend. Mr D Kenny – Executive Headteacher

What do I do outside school?

Congratulations to Lewis from Y6. Lewis plays football for Mags JFC and recently entered a tournament in the North East. Lewis won the trophy for Player of the Tournament, his team also won the league. Wow he is one to watch, will he make it to the Euro's one day!

National Chocolate Pudding Day

Tomorrow is national Chocolate Pudding Day. Who doesn't love chocolate? Rich, flavourful, and decadent, there's nothing in life quite as good as chocolate pudding. Whether its milk chocolate, dark chocolate or white chocolate or a combination of all 3, enjoy celebrating National Chocolate Pudding Day!

FOCUS OF THE WEEK

Year 6

This week, the CLC came into Year 6 to deliver a session on coding. All children developed an algorithm in order to create their own game. We discussed variables, co-ordinates and forever loops. To end the lesson the children made a pic collage poster, which including key vocabulary and images of their games and coding algorithms.

Year 3

In our Design Technology lessons we have been looking at and designing castles and building different structures.

We decided to make it really fun by designing and making our own edible structures using a variety of biscuits that were different 3D shapes!

We planned and designed our structures collaboratively with our partners and built our buildings using chocolate spread as the cement!

Lots of yummy fun and some amazing castles using custard creams, jammy dodgers and lots more! Definitely some young budding architects in Year 3!

After School

Please email the school office to book your afterschool requirements. Our numbers are capped, so please remember to book, as we may not have availability on the day. **If you have booked an afterschool session and no longer require it, please email the school office ASAP.** Thank you
